

JOB DESCRIPTION

Legal Advisor

Name: Nvalue Energia

Sector: Energy and Environmental Markets

E-mail: jobs@nvalue.ch

Location: Varna

Company Description

Join the energy transition with us!

Nvalue Energia is a leading company in the European renewable energy market and part of the Nvalue group with offices in Bulgaria, Switzerland, Italy and the Netherlands. We are a young and dynamic team of professionals entirely dedicated to promoting solutions for renewable energy consumption, energy saving and the abatement of greenhouse gas emissions.

Open Position

Junior Legal Advisor – Full time job

Job Description

To reinforce our Legal team we are looking for a Legal advisor. The person will be focused on supporting the company to achieve its commercial objectives in compliance with its legal and contractual obligations, properly managing and minimizing legal risks, and providing solution-oriented legal services that are practical, commercial and timely effective.

Key Responsibilities

- Contract drafting and management of standard and specific agreements related to trading of renewable energy certificates in the guarantees of origin market.
- Market monitoring and research on European and national regulations related to power trading and renewable energy certificates trading.
- Providing clear and practical advice and update on the effects of legislative changes on the business of the company.
- Providing advice on business and/or general legal matters as appropriate.

Desired Skills and Expertise

- Master's or Bachelor's degree in law or similar legal qualification.
- At least 3 years' experience, preferably in energy markets and/or financial markets, financial instruments trading.
- Knowledge/experience in EU regulations (including MiFID), commercial contracts negotiation and drafting.
